INSTRUCTION:

This laboratory task must be complete as a group consisting of 3-4 group members only.
Read the QUESTION and refer to attached RUBRIC for MARKING SCHEME carefully.

QUESTION 1

Construct a **Pet Hotel website** with four pages: **Home, About, Book, and Contact Us**.
Focus on building the **HTML and CSS structure** only - server-side functionality is **not required**.

Notes:

- You will be provided with a **basic HTML file structure** without styling (refer to **Table 1**).
- Use your **creativity** to design the website, including selecting a **suitable name** for your Pet Hotel.
- The **wireframe** in **Attachment 1 (Table 2)** serves as a guideline for the website layout. However, you may incorporate your own design ideas as long as all **required components** are included.
