

DEPARTMENT OF INFORMATION AND COMMUNICATION TECHNOLOGY

PROJECT | SESION: 2: 2024/2025

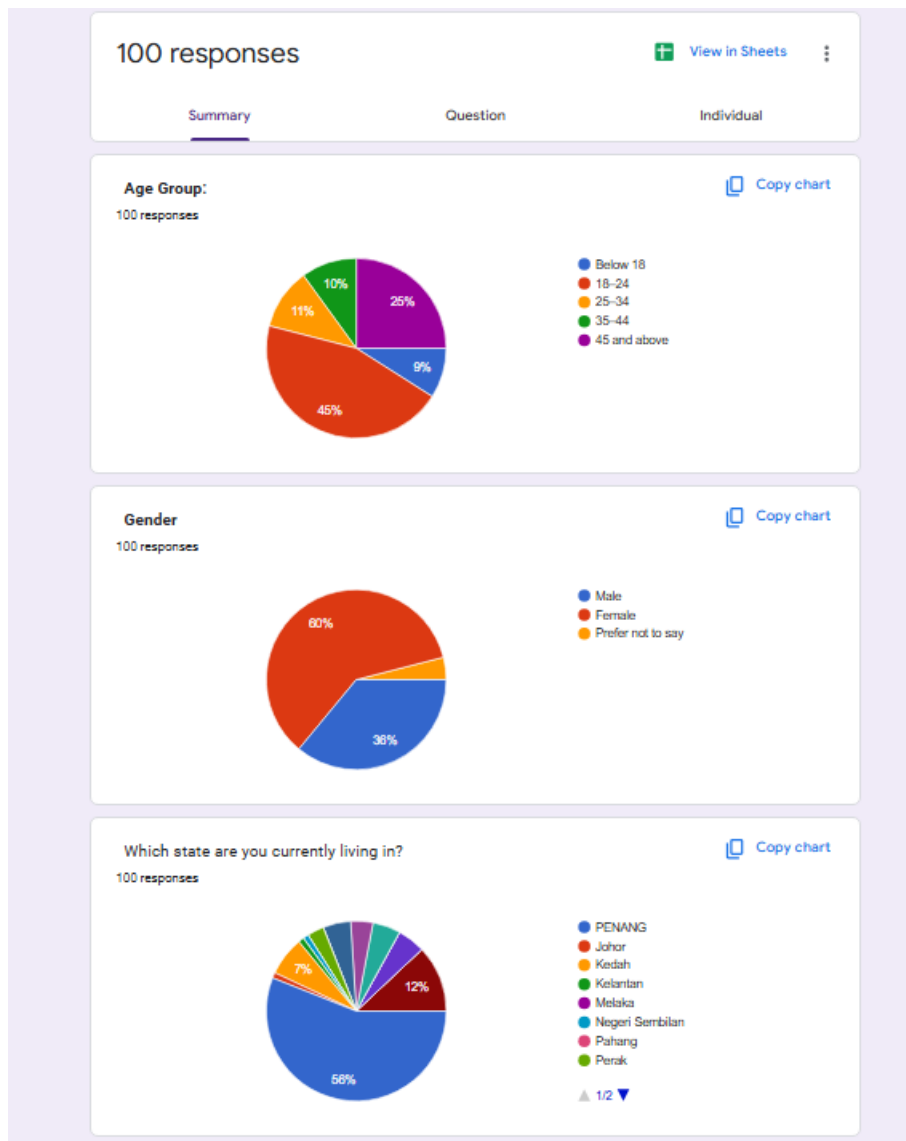

COURSE CODE: DFP40162		COURSE NAME: BUSINESS INTELLIGENCE
CLO 2: Create a database and deliver a report that suits business enterprise (P4, PLO3)		
NAME: 1. CHRISTY HNG SEIH TING 2. ISAAC KISHEN VINCENT		REGISTRATION NO: 1. 10DDT23F1043 2. 10DDT23F1049
CLASS: DDT4A	SUBMISSION: 30 APRIL 2025 (WEDNESDAY)	DURATION: 16.5 hours (2 week)

INSTRUCTION:

1. Form a group with 2 or 3 students.
2. Create dataset using Google Form (min 100 respondents).
3. Choose type of visualization tools (Ms Power BI or Google Looker Studio) to create your Dashboard.
4. Learn your data set by setting up the objective of your project (set at least 2 Objective).
5. Do the Extract, Transform and Load (ETL) process based on your objective.
6. Include Data Analysis Expression (DAX) in your OLAP and OLTP process
7. Create Dashboard of your datasets following this Visualization type:
 - a. Title
 - b. Chart /Bar
 - c. Map
 - d. Slicer
 - e. Scorecard
 - f. Picture
 - g. Other
8. Submit your report
 - a. Using Power BI – submit .pbix file – share link to izlinzuriani@psp.edu.my
 - b. Using Looker Studio – submit .pdf file – share link to izlinzuriani@psp.edu.my
9. Submit 3 to 5 minutes video explain about creating Dashboard from start to end in YouTube and share link in the CIDOS.

TOPIC: Daily Routine & Lifestyle Habits

Dataset using Google Form (min 100 respondents) :

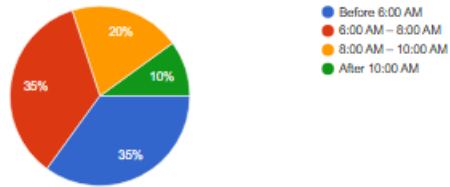

Daily Routine

What time do you usually wake up?

 [Copy chart](#)

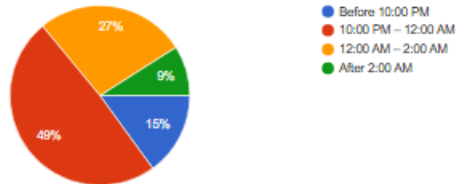

100 responses

What time do you usually go to bed?

 [Copy chart](#)

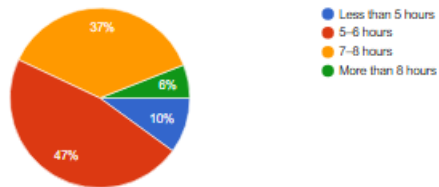

100 responses

How many hours do you sleep at night?

 [Copy chart](#)

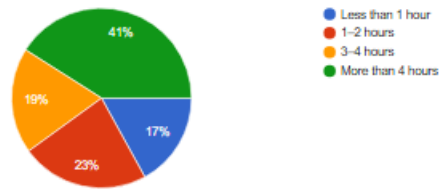

100 responses

How many hours do you usually spend outdoors?

 [Copy chart](#)

100 responses

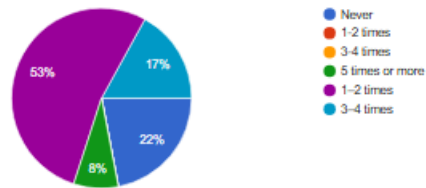

Lifestyle Habits

How often do you exercise in a week?

 [Copy chart](#)

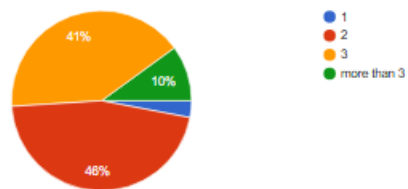

100 responses

How many meals do you eat per day?

 [Copy chart](#)

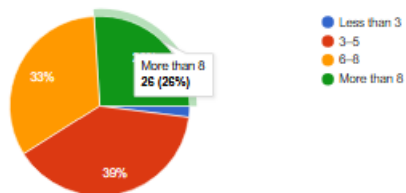

100 responses

How many cups of water do you drink per day?

[Copy chart](#)

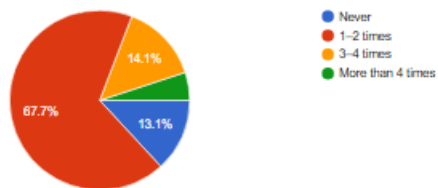

100 responses

How often do you eat fast food in a week?

[Copy chart](#)

99 responses

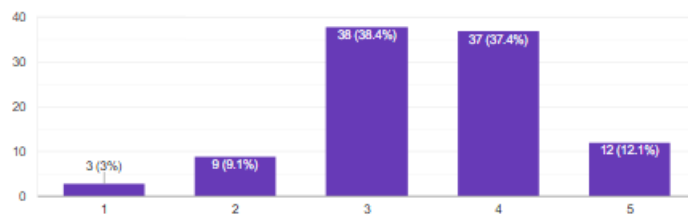

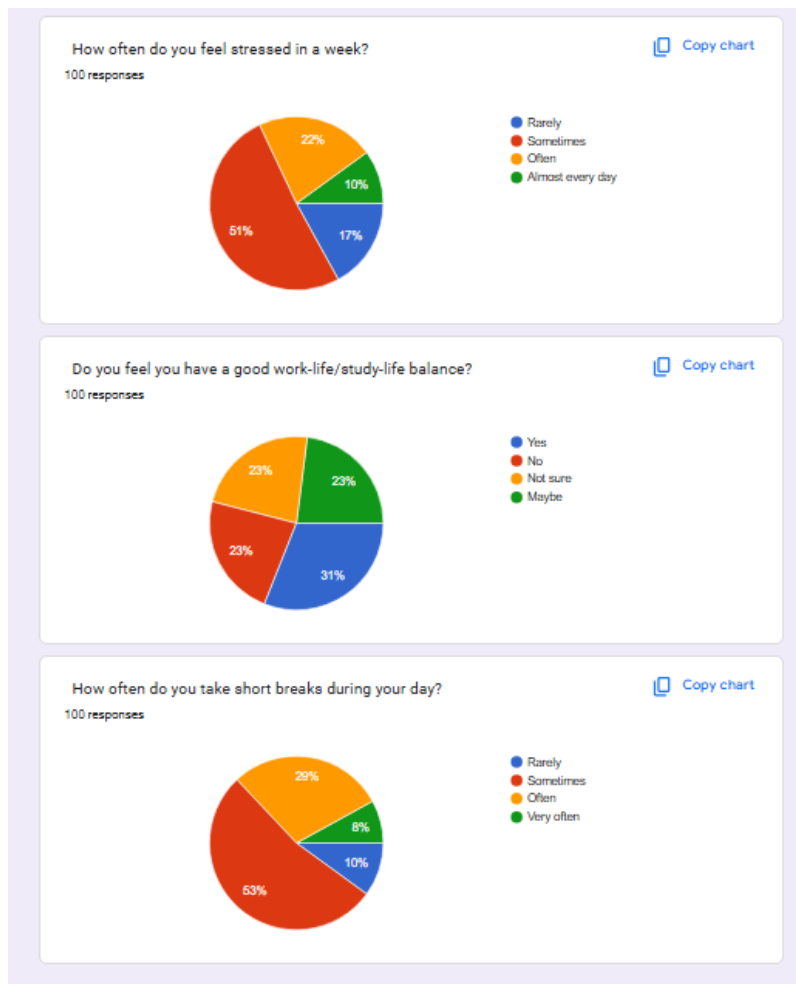

Wellbeing

How energetic do you feel during the day? (Scale 1-5)

[Copy chart](#)

99 responses

OBJECTIVES:

1. To collect lifestyle and daily routine data through a survey and prepare it for visualization by cleaning and categorizing the responses
2. To design an interactive Power BI dashboard that visualizes sleeping habits, outdoor activity, wake-up time, and bedtime patterns, enabling easy analysis across different age groups and genders

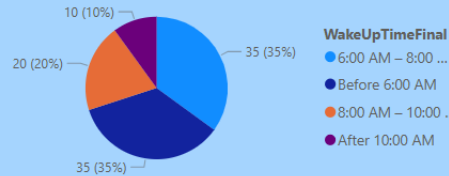

Daily Routine & Lifestyle Habits Analysis

Average Wake-up Time Category
6:00 AM – 8:00 AM

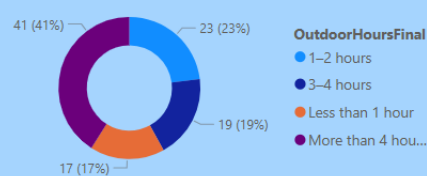

Average Sleep Hours Category
7–8 hours

Average Outdoor Hours Category
3–4 hours

Wake-up Time Distribution among Respondents

Distribution of Outdoor Activity Hours

"Your daily habits are the blueprint of your future, understanding them is the first step toward improvement."

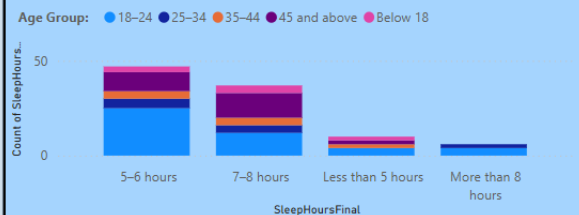

DAILY ROUTINE

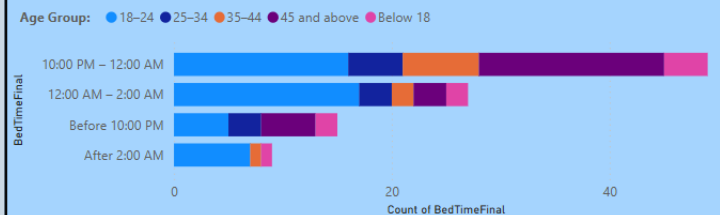

PLAN

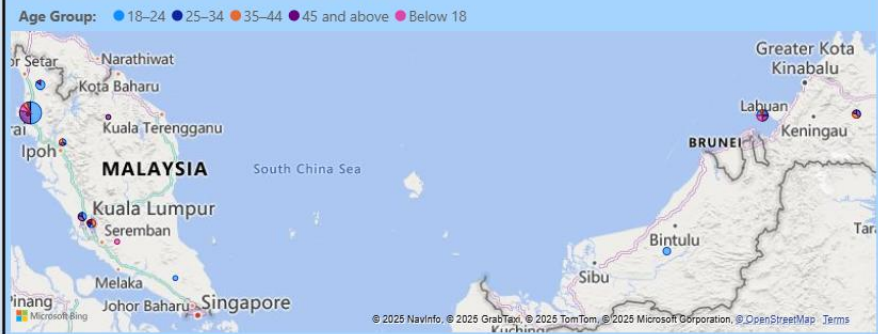

Distribution of Sleep Duration among Respondents

Bedtime Categories by Number of Respondents

Geographical Distribution of Respondents by State

Healthy Habits

For Daily countdown

Filter by Age Group

- ☐ (Blank)
- ☐ 18–24
- ☐ 25–34
- ☐ 35–44
- ☐ 45 and above
- ☐ Below 18

Filter by Gender

- ☐ (Blank)
- ☐ Female
- ☐ Male
- ☐ Prefer not to say

Daily Routines

10 HABITS FOR A HEALTHY LIFESTYLE

Section A: Report & Dashboard

No	Criterion	1 (Poor)	2 (Fair)	3 (Good)	4 (Very Good)	5 (Excellent)	Mark
1	Cover	No cover	Cover incomplete	Basic cover with some elements	Proper cover with title & group info	Full cover with logo, title & student info	
2	Title Dashboard	No title	Irrelevant title	Basic title	Relevant title shown clearly	Clear, creative, and relevant title	
3	Chart / Bar	No chart shown	Chart unrelated or incorrect	Chart present but unclear	Relevant chart with minor flaws	Accurate, readable, and insightful chart	
4	Map	No map included	Irrelevant or broken map	Basic map with limited info	Functional map with useful data	Interactive, meaningful, and accurate map	
5	Slicer	No slicer used	One slicer, not functional	Slicer used but limited	Functional slicer with minor issues	Multiple, interactive, well-integrated slicers	
6	Scorecard	No scorecard	Scorecard unclear or unused	Basic KPI shown	Clear KPI aligned to objective	Insightful and well-placed KPI/scorecard	
7	Picture	No image included	Irrelevant or low-quality image	One relevant image shown	Clear image supporting content	Clean, styled, and contextually relevant image	
8	Tidy Layout	Cluttered and messy	Disorganized layout	Acceptable but not tidy	Well-arranged layout	Neat, structured, and professional	
9	Creative Design	No design effort	Plain design with few visuals	Basic visual elements	Aesthetically pleasing layout	Creative, modern, and cohesive design	
10	Appropriate Visual Representation	Wrong chart types	Some inappropriate visuals	Charts match data types	Mostly appropriate visuals	Best-fit visuals for all data types	
11	Objective of Dataset	No objectives	Vague or irrelevant objective	One acceptable objective	Two clear objectives	Strong objectives aligned to visuals	
12	ETL Process	No process shown	Minimal transformation	Basic data clean-up	Proper ETL with some automation	Complete ETL with clear justification	
13	DAX Usage	No DAX formula	Wrong/incomplete DAX	One simple DAX used	Multiple valid DAX expressions	Complex DAX that adds strong insight	
14	File Submission	No file or wrong format	File corrupt or link missing	Submitted late or minor issues	Correct format, accessible link	On time, correct format, and well named	

Section B: Video Presentation

No	Criterion	1 (Poor)	2 (Fair)	3 (Good)	4 (Very Good)	5 (Excellent)	Mark
1	Introduction of Dataset	Not mentioned	Brief mention only	Dataset shown without context	Dataset explained with some detail	Clearly introduced with relevance	
2	Objective of Dataset	Not explained	Poorly explained	One general objective explained	Two clear objectives explained	Clear, detailed, and aligned to visuals	
3	ETL Process in Video	Not shown	Mentioned briefly	Some steps shown	ETL process explained clearly	Well-demonstrated and narrated ETL	
4	DAX Process in Video	Not included	Mentioned vaguely	Basic DAX shown	One clear DAX formula explained	Multiple DAX explained with use case	
5	Clear Audio	No audio	Audio unclear/muffled	Understandable with noise	Clear voice with minor flaws	Very clear, well-paced, and professional	
6	Upload to YouTube	No upload	Wrong platform or error	Uploaded but private/broken link	Public video, minor issues	Uploaded, public, correct title and link
